THIRTY JEWS KILLED BY MADDENED MOB

Stores Were Pillaged and Put to the Torch.

HEBREWS FLEE FOR REFUGE

Carnival of Murder in Progress and the Authorities Are Unable to Put a Check to It—Fighting Is Going on in Public Thoroughfare.

Bialystok, Russia, June 16.—A Jewish anarchist threw a bomb among the Corpus Christi procession which was in progress here today and killed or wounded many persons. In consequence the Christians attacked and massacred the Jews and demolished their shops. Hundreds of persons were killed or wounded. Anarchy prevails in the city.

The bomb was thrown from the balcony of a house in Alexandrov street. A Russian clergyman named Fedroff was among the killed.

Immediately after the explosion the Jews began to fire with revolvers from the windows of the house into the crowd. Soldiers immediately surrounded the house and fired two volleys in to the windows. Meanwhile the enraged Christians attacked the Jewish stores in Alexandrov and Suraz streets, demolishing the fixtures and windows and throwing the goods into the gutters and beating and murdering the Jews. A crowd of Jews fled to the railroad station, pursued by the mob, which killed many of them there. Three Jews were thrown from second story windows of the railroad station building.

The Jews are fleeing from Bialystok to the neighboring forests and the mobs are pursuing them. Detachments of dragoons have been sent out to protect the Jews.

Jews arriving here on railway trains have been dragged out of the cars and many murdered. The troops have cleared the railway station.

At 4 o'clock the disturbances still continued.

So far as can be ascertained 30 Jews were killed during Thursday's outbreak here. The hospitals are filled with wounded, but it is impossible to ascertain the correct number of casualties, as many of the injured are hidden in private houses. All the Jewish shops on the four principal streets were sacked.

Military and police patrols now guard the streets, and no civilians are allowed to leave their houses. An armed truce has been established pending the complete restoration of order.

MARSHAL SLAIN BY NEGRO'S GUN

Determined Posse Is Now Pursuing the Murderer.

Wadley, Ga., June 16.—Will Smith, alias Shelly Wilson, a desperate escaped convict, was [illegible] the farm house of his wife on the Dreshing plantation near Gertrude, by J. D. Pope, of Wadley, Ga., who secured the services of Marshal Morris, of Millville, Ga. Pope and Morris arrived at the house about 6 o'clock, and one of the posse, went in the house, and made a search for Smith. Not finding Smith, they went out of the back door of the house, expecting to search the kitchen, and Smith being in the kitchen, went to the window and opened fire, killing Marshal Morris instantly, and perhaps mortally wounding Pope.

Mr. Otis Gresham was out in the field nearby, and hearing the shots went to the house, and assisted Pope in all being said Pope went to Millville where could get medical assistance. Gresham had Morris moved to his house until the citizens of Millville came for him.

AIR SHIP FLOATS OVER THE CAPITAL

Thousands Cheer Skillfully Directed Aerial Craft.

THE WHITE HOUSE IS VISITED

The Ship Started Three Miles from Washington, Circled Great Monument, Flew Around Capitol Dome, Ascends and Descends at His Will.

Washington, June 16.—An airship, under complete control, flying over Washington, was the spectacle witnessed here Thursday.

Thousands of people turned out to see the novel sight and cheered the navigator as he skillfully directed the craft.

The ship started from a point three miles from Washington on the Virginia side and was steered directly for the Washington monument. A slight mishap to the machinery caused the navigator to descend, the ship being safely landed close to the monument. In a half hour the ship again was in flight and the navigator, after twice circling the monument, at a distance of four hundred feet, steered for the white house. He sailed about 50 yards from the south portico. Mrs. Roosevelt was at the window when the descent was made, and exhibited great interest in the strange looking structure.

After remaining in the grounds a short while the navigator made another ascent, carrying his ship over the three newspaper offices and then took a straight course down Pennsylvania avenue to the capitol, where it was viewed by thousands of people and also by senators and representatives, and also the employes about the building.

The quorum in both houses disappeared and all manifested great interest in the machine. The navigator passed over the capitol south of the great dome and then circled around and around over the plazza on the east front, finally bringing his ship to the earth directly in front of the middle steps of the capitol.

A large crowd cheered him as he descended, showing absolute control of the machine.

After remaining about a quarter of an hour at the capitol, the navigator again set sail and passing over the building north of the dome, started back to Virginia.

COMMISSION WINS RATE CASE.

Power To Make Rates Upheld by Judge Pendleton.

Atlanta, June 16.—The legality and constitutionality of the act of the state railroad commission in reducing the freight rates on stoves to common points in the state, has been upheld by the superior court of Fulton county.

Judge Pendleton has decided that the mandamus absolute as prayed for by the Atlanta Stove Works against the Atlanta and West Point railroad, the Georgia railroad, and the Southern railway, the Seaboard Air Line and the Western and Atlantic railroad, be granted, compelling these roads to accept shipments at the rates prescribed in circular No. 309. This circular transferred stoves from the second class to the sixth, and reduced the freight rate from 40 to 50 per cent.

The effect of the decision is far reaching, and is a notable victory, in that it is declared that the action of the commission in determining what were just and reasonable rates could not be challenged in the courts unless the rates fixed by the commission were so low as to amount to the confiscation, with respect to the entire business of the roads within the state.

The decision further upheld the right of the commission to make commodity rates applicable between what is known as common points where two or more railroads afford competition, although one of the contentions of the roads was that this was an unjust discrimination against other points in the state.

Customs Controversy Closed.

New York, June 16.—The controversy between Mrs. R. H. Mitchell, of Cincinnati, and the local customs officials closed Thursday when the board of United States appraisers decided that not only must full duty be paid on her sealskin coat, sent abroad for repairs, but on the value of the repairs themselves. Mrs. Mitchell bought the coat in Cincinnati in 1901. It was sent to her in Paris in March, 1905, where certain alterations were made, including the addition of a chinchilla collar and revers to the garment. Mrs. Mitchell brought the coat to this country last September. Although a certificate of exportation was obtained when the coat was sent to Paris, Collector Stranahan demanded duty on the altered coat and the value of the repairs.

Hill Is Best Shot in U. S. Army.

Washington, June 16.—The complete records of rifle, pistol and carbine firing of the United States army for 1905, which have just been published, show Abraham Hill, a sergeant in the Twenty-fourth Infantry, stationed in the Department of Dakota, to be the best shot in the army. The percentage of possible shots by him in slow fire, timed fire and skirmish fire was 86.71. The three others at the head of the list after him were Captain Rufus E. Longan, Eleventh Infantry, Department of Missouri, 85.1; Sergeant William Cantrell, Fifth Infantry, 84.67, Ord., 8; Khan, sergeant in Second cavalry, Department of Luzon, 84.67.

Bryan Sails for Stockholm.

St. Petersburg, June 16.—William J. Bryan sailed for Stockholm Friday afternoon. He devoted the last day of his stay on St. Petersburg to a call on Premier Goremykin, with whom he had an hour's [illegible] and to another visit to the lower house of parliament. For a time Mr. Bryan was the center of attraction in the lobby of the house, holding a regular reception of members of parliament.

Elected to House of Commons.

$400 Offered for Pitcher.

Nashville, June 16.—President McSweeney, of the Nashville Southern League club, received a telegram from Manager Black of the New Orleans team, offering him $400 for Pitcher Harrell. The offer was promptly turned down.

SCHOONER BURNS; CREW REPORTED LOST

Accerding to Captain Bridgett, of Steamer Ascunsion.

SCHOONER LADEN WITH TIMBER

Lashings on the Boat Were Not Touched, Which Causes Captain Bridgett to Believe Crew Perished In an Explosion on Vessel.

Seattle, June 16.—The schooner Argus is burning 35 miles off Destruction Island, and according to Captain Geo. E. Bridgett, of the steamer Ascunsion, it is not likely that the crew will ever be heard from.

Captain Bridgett thinks the crew was blown up in an explosion which caused the fire. He say she went alongside the Argus and at that time the vessel's hull and bow were burned away.

The Argus was bound from Puget Sound to San Francisco with 750,000 feet of lumber. She was built in 1902, and had a register of 567 tons, gross, or 527 tons, net. She was owned by the Pacific Ship company of San Francisco.

Another point mentioned by Captain Bridget which seems to indicate that the crew perished in an explosion, is that the lashings on the boat were not touched.

Shurley Given Six Years.

Atlanta, June 16.—J. Walter Shurley, found guilty by a jury in the superior court, civil division, of voluntary manslaughter for the killing of James M. Thompson, was Friday sentenced by Judge Roan to six years in the penitentiary. Shurley wept when sentence was imposed, and pleaded with the court to make it light. T. C. Clark, of Shurley's counsel, announced afterwards that he would appeal the case. On what ground, he would not say, but it is supposed because of the absence of City Detective Spradlin, a witness, from the trial.

N. E. A. Concludes Session.

Indianapolis, Ind., June 16.—At the concluding session of the convention of the National Editorial association Friday prayer was offered by the Rev. H. W. Kellogg, pastor of the Central Avenue Methodist Episcopal church, after which committees made their reports. The only business of importance to be transacted at the final session was the selection of the next place of meeting and the election of officers. Several cities were seeking the honor of entertaining next year's convention, but Jamestown, Va., was finally selected.

Coal Strike in Southwest Ended.

Kansas City, June 16.—The tellers have completed the count here Friday of the referendum on the Kansas City agreement reached last week between the soft coal miners and operators of the southwest. Many mines have already been cleaned preparatory to starting up.

Manila, June 16.—Preliminary work on the Philippine railroads will be begun at once. Forty engineers and physicians who arrived at Manila on June 9 and 10 left today for Iloilo to begin operations. The line of the island of Panay will be surveyed first, some changes in the original survey being necessary. The actual work of construction will probably commence this summer.

WOMAN STABBED MAN AND IS NOW IN JAIL

Lucinda Hall Slashed Male Companion With Sharp Knife.

MADE SEVERAL UGLY WOUNDS

Woman Arrested, Arraigned in Justice Bexley's High Springs Court, and Committed to Jail in Default of a $500 Bond.

Because Lucinda Hall, a colored woman who is said to have a reputation as shady as her complexion, which is rather dark, assaulted Dan King, a negro man who had "crossed her path," she is now confined in the Alachua county jail awaiting the action of the grand jury at the fall term of the circuit court, in default of a bond of $500.

This trouble occurred at Wade, a mining town of the West End. The particulars could not be authentically learned, but it is understood that the man and woman quarrelled, when the woman suddenly advanced upon King, an ugly-looking knife in hand, with which she inflicted several ugly and dangerous wounds. The man is reported to be in a precarious condition.

The Hall woman was arrested immediately after the trouble. She was taken to High Springs and arraigned in Justice Bexley's court upon a charge of assault with intent to murder, and committed to jail in default of the bond, as above mentioned.

The prisoner was brought to this city by Acting Constable Tom Crisman, who turned her over to the proper authorities.

WOODS ARE FLOODED

Heavy Rains Prove Great Detriment to Naval Stores Operators.

Marvin Venable, the naval stores operator and lumber manufacturer of Archer was in the city on business Saturday.

Mr. Venable was for some time engaged in the same pursuit at Kissapaha, under the firm name of Venable & Jones. These gentlemen disposed of their interests at that point however and secured places at Archer and Sampson City, where they are now operating under the firm name of M. Venable & Co. and Venable & Jones.

Mr. Venable states that the recent heavy and persistent rains have flooded the flat woods, which is a serious detriment and drawback to the naval stores operators, it being difficult to operate under these conditions. The sawmill at Archer has been busy up to Thursday but is now shut down for a few days until more side-track facilities can be furnished by the railroad.

WILL BE WELL REPRESENTED.

Alachua County and Gainesville Will Send Delegates to Tallahassee.

The State Good Roads Convention will convene in Tallahassee on Tuesday, the 19th inst., and promises to be one of the most successful gatherings of the kind ever held in this State. A large number of delegates, representing every county, will be in attendance, which is evidence of the fact that people are waking up to the necessity and benefit of hard roads.

Alachua county will manifest a deep interest in the movement. The Board of County Commissioners have elected Chairman John G. Dampier as a delegate from the county, and as a representative of the city, appointed by Mayor W. R. Thomas, Hon. Syd L. Carter will be there.

The people of Alachua county are thoroughly awake to the importance of good roads, and propose to push the venture as rapidly as possible, to be consistent.

Alachua county has progressed admirably within the past three years in road-building, but expects to accomplish even more within the same length of time in future.

An Approaching Marriage.

An approaching marriage is announced, the contracting parties being A. B. Taylor of Jacksonville and Miss Bessie Brown, a popular young lady of Archer. The ceremony will occur at the home of the prospective bride's brother, Jack Brown, in this city, on Tuesday morning. The Sun has been requested to make announcement of this event, and to extend an invitation to friends of the contracting parties, as it will be impossible to reach all by personal invitations.

Cured of Bright's Disease.

Geo. A. Sherman, Lisbon Red Mills, Lawrence Co., N. Y., writes: "I had kidney disease for many years and had been treated by physicians for twelve years; had taken a well known kidney medicine and other remedies that were recommended, but got no relief until I began using Foley's Kidney Cure. The first half bottle relieved me and four bottles have cured me of this terrible disease. Before I began taking Foley's Kidney Cure I had to make water about every fifteen minutes, day and night, and passed a brick-dust substance, and sometimes a slimy substance. I believe I would have died if I had not taken Foley's Kidney Cure." J. W. McCollom & Co.

Letter to H. C. Roth.

Gainesville, Fla.

Dear Sir: Let's talk it right out before folks; there's nothing to hide in your business or ours; if there is, we'd better hide ourselves.

We are in trade to make money; so are you. We make it by saving our customer's money; so do you. Our object, in trade, is to save your customer's wood from rotting and iron and steel and tin from rusting; yours the same.

We work for thousands of property owners; you for a few. We can do some things that you can't do; we have the facilities. You can do some things that we can't; you are there. Let us work together; be faithful to one-another. We can serve our customers better by working together and being faithful to one-another.

Your dollar, put into our paint, will paint more feet than in any other way; and the paint will last longer. This saves you money, and saves your customers money. That's all there is in our whole business.

Yours truly,
F. W. Devoe & Co.,
New York.

P. S.: The S. J. Thomas Co. sell our paint.

Uncle Steve Melton, who was such a prominent figure in the Legislature from Duval county, will again entertain the members of the House at the session of 1907.

Berries are cheap in Pennsylvania this season. A Mr. Berry has been nominated for Governor by the Prohibitionists at a cost of only fifty dollars to himself.

At the recent primary in Dade county Mr. Merritt defeated F. W. Hahn for clerk of the circuit court by a vote of 706 to 651. Hahn was a resident of Gainesville for several years and served as marshal for one term.

Senator Penrose of Pennsylvania should not rely too implicitly upon the promise of President Roosevelt to help him to be re-elected, or he may find himself in a similar boat to the Democratic Senators over the railroad rate bill.

Hon. J. M. Rivers, the successful candidate for State Attorney in the Eighth Circuit, is one of the best campaigners in the State. He has never been defeated for an office, though each time he had strenuous opposition, including two campaigns for the Legislature.

Why is it, a careless seven-year-old kid can drop a half-burned match in an alley and burn up all the barns in a block, while an able-bodied man has to use up a whole box of matches to get a wood fire started in a heater that has draught enough to draw all the furniture up the stove pipe?

The story is told that a certain woman was reading the matrimonial columns of a paper and remarked to her husband: "Here's a strange coincidence—a William Strange married to a Martha Strange." "Strange indeed," remarked her husband, "but I expect the next news will be a little stranger."

DRAINAGE OF EVERGLADES.

A number of members of the Legislature of 1905 voted for Governor Broward's drainage bill simply because they believed he had been elected on that issue and should be given an opportunity to demonstrate its practicability. Senator J. H. Humphries, who represents DeSoto and Manatee counties, was one who took this view of the question, and in the last issue of his Bradentown Herald he refers to the subject as follows:

"The Herald in the campaign of 1904, as is well known, did not support Governor Broward, but was for R. W. Davis, a man who though beaten a last, was known to The Herald as a safe and brainy man, to whose care the best interests of Florida might be safely entrusted.

"But when Governor Broward was elected and inaugurated, we as loyal Democrats, yielded to him our most cordial support. We even went so far as to give our sanction to his drainage scheme. And this we did not withdraw until after the matter had gotten before the United States Court, and that tribunal had sustained to a material extent the contention of those who had opposed it from the start. Then we were forced to look into the matter more closely in order to express an intelligent opinion to those who looked to us for information as to the real status of the case.

"We early learned that the Governor was making the mistake of setting up his opinions, supported by his interested counsellors, against that of the courts. Still adhering to what we conceived to be our duty, we mildly counselled caution and the suspension of all work on the scheme until the suits already in court could be brought to an issue and trial, and the merits determined, so that the Governor could know just what his powers were before jeopardizing the State's money and credit.

"It seems that the Governor could not, or would not, take the safe, if not the only sensible course, but with his peculiar filibustering bent, decided to proceed with this gigantic undertaking without any regard for the courts at all.

"This aroused the whole State to a more critical investigation as to what was going on, and at last resulted in the campaign that is now distracting the State. And unfortunately for Governor Broward the opinion is being formed that there is a snydicate of land sharks formed, who, 'by ways that are dark and tricks that are vain,' have pushed the Governor into methods that are, to say the least, very peculiar. After passing the drainage bill, it was so apparently unconstitutional that they framed a constitutional amendment which it is hoped can be forced down the people's throats to make a law enacted two years before, a valid law. Do the lawyers in the Legislature, or the members generally, know the meaning of retroactive action? Have they ever heard of any State that has passed a code of void laws and then made them valid by making amendments to their constitution? Have they ever learned the legal interpretation of void and voidable? If there is any of them that think they have, it certainly is here in the State of Florida. For nowhere else is such a thing possible. Even our young school boys know the distinction between constitutional powers and legislative powers, even if some old fly-blown jurist has said that 'the constitution provides so and so.'

"But there has been a horde of useless offices and officers, with fat salaries annexed, that have influence, fixed up to bleed the State. We can't believe that Governor Broward has willingly walked into the trap thus set for his unwary feet. But be that as it may, the masses are looking to the incoming Legislature to look into this unholy alliance who now, though nesting in Jacksonville, have their hands upon the Governor, and to snatch him as a brand from the burning, and put a brake on their schemes until the question can again be sent before the people."

The cigarette fiend is being hit hard upon all sides in the business world. The Chicago, Burlington and Quincy Railroad Company has announced that every employe found smoking cigarettes the company will no longer give him employment. They have ascertained to their satisfaction that the cigarette fiend cannot, or does not, perform his duties in as satisfactory a manner as does the other fellow.

There are just a few who have permitted their subscriptions to lag behind. Don't do it. You will die one of these fine days and your family will want a column obituary published free, and then your daughter is soon to be married and you will expect your home paper to give her an Alice Roosevelt write-up, and all free. It always pays to be prompt in paying your subscription to the local paper.

Some newspaper men are terrible liars. In writing of a cyclone out West one of them said it turned a well inside out, a cellar upside down, moved a township line, blew the staves out of a whiskey barrel and left nothing but a bung hole, changed the day of the week, blew a mortgage off a farm, blew all the cracks out of a fence and knocked the wind out of a politician.

The office of State Attorney is not an elective one, but is filled by appointment by the Governor. Col. Calhoun, the present incumbent, will hold the office until May, 1907. It is one of the "fattest" jobs, considering the labor attached to it, in the State, the salary being $2,400 per year.

The Song of a Bird Furnishes Food For Thought.

GOVERNOR BLOXHAM ON OUTING

The Renowned Ex-Governor Visits Old Home in Virginia—Two Lynchings in Citrus County Cause Governor Broward to Offer Liberal Rewards.

Tallahassee, June 16

"'Tis easy enough to be pleasant,
When life flows along like a song,
But the man worth while is the one who will smile
When everything goes dead wrong."

It was not a man, but a tiny brown bird with a big song. He sat on a trellis in Governor Bloxham's garden, while I sat at my window watching the storm Tuesday. The harder the wind blew, the louder he sang, and when the rain came, driven in wind-blown swirls against him, he tightened his hold on the trellis to steady his small body, drew his brown feathers closer and lifted up his voice to the excellent God of the storm and sang as though his little heart was bursting with joy. The weather was bad, but why not make the best of it?

Governor Bloxham.

Among those who left last week on their annual summer pilgrimage to the mountains were former Governor Bloxham and his niece, Miss Blanche Blake, who makes her home with him. Governor Bloxham is one of the most interesting, as well as one of the most prominent men in the State. He has lived fifty years of her history, taking a prominent part in the making of the history of those years. He is one of the three living ex-Governors, Fleming and Jennings being the other two. He is the only man who has been twice chosen Governor of Florida, unless we go back to territorial days when President Monroe appointed William P. Duval Governor in 1822, and who held the office twelve years.

Although Governor Bloxham has reached, almost, the three-score and ten years, he is remarkably young and active in appearance, due perhaps to the excellent care he takes of himself. His well-appointed, carefully ordered home with its pretty garden, speaks of comfort. Here, secure in the love of his friends, he lives the life of a retired gentleman. Although he declares he is out of politics, he is keenly interested in public affairs and loves to discuss men and measures as well as in the days when he was a leader of them. If he could be induced to put into print his personal reminiscences of fifty years in Florida politics it would be a valuable and interesting book. Governor Bloxham has the kindest, courtliest manners, suave and polished to rich and poor alike. His friends tell this story on him: Going down the street one day he met a man who held out his hand and said, "How-dy you do, Governor?" "How do you do; how do you do?" returned the Governor, shaking his hand warmly. "How is your family?" but his mind was busy trying to recall the man's name, which he had forgotten. "By the way, how do you spell your name?" he finally asked. "Sm-i-t-h," the other replied. I have never heard how he managed the embarrassing situation, not knowing how resourceful he is, I am sure he turned it off gracefully.

missing the affairs at Inverness at the Leon Hotel, when one of the party, a man of considerable prominence, said: "If I were Governor of Florida I would remove from office the sheriff of any county in which a lynching occurred. No prisoner can be lynched without complicity on the part of the officials. Take this affair at Inverness, the jailor and the deputies locked themselves inside the jail and gave the key to a druggist, and the sheriff went hunting, with a lynching imminent." One of the party said: "Oh, well, I think lynchings are the proper treatment for certain cases." "You would not say that publicly," the first speaker said, "but here it is over my signature, for I do believe that assaults and aggravated murders should be handled with the promptness and surety that is only dealt out by a determined lot of men, a mob, if you will, for want of a better name."

Clark's Drainage Bill.

Frank Clark, who has proved his worth as our Representative, and is no longer referred to as the "Gentleman from Oklahoma," has jumped into the limelight with a drainage plan that bids fair to outrival Governor Broward's own favorite stunt. He has made a modest request of Uncle Sam for three millions of dollars that would go to the reclamation of the arid lands of the West, to be applied to the drainage of the Everglades, and has also asked for an appropriation for a ship canal across the state. A ship canal across the peninsular has long been dreamed of, and would be of immense value to the state, as well as to the commerce of the world.

Whether Mr. Clark really hopes to get the drainage appropriation or whether he has taken seriously Editor Jeff Davis' advice to all with political ambitions, "to get a drainage scheme, because Floridians love to be drained," I do not know, but I believe that if he can pass such a bill the Everglades drainage will become a popular thing in Florida and our valiant apostle of drainage, Governor Broward, would wake to find himself famous.

Would Not Be Governor.

Down at the wonderful town of Live Oak they have among many other desirable things a curiosity in the shape of a man who probably could be Governor if he would, but who would not, even if every man, woman and child in Florida came and offered him the nomination. This remarkable man who thinks it a greater privilege to be a private citizen than Governor is named William Douglas Hillman.

Some one has said that Captain Hillman's heart, leaking as his body that he [illegible] any worthy [illegible] the advisor of the banker, [illegible] the speaker, the chum [illegible] the friend of the [illegible] the friend of the poor [illegible] the friend of everybody.

WANT SUSIE HANNON PARDON.

Petition Being Signed for the Girl Who Killed Betrayer.

Raleigh, N. C., June 16.—No trial of its kind in recent years in North Carolina has attracted more attention than that of 16-year-old Susie Hannon, at Concord, for the shooting of H. Y. Stack, a young man of that vicinity, for betrayal.

The charge against her was murder in the second degree, and there was a long fight in the superior court by both sides in this case, nearly a dozen attorneys being engaged, over half of them having volunteered to appear for the girl, who does not look to be 15 years of age. She was given a sentence of five years in the penitentiary, having been convicted of manslaughter.

Now a great petition is being prepared which every lawyer in the county has signed, and it will be carried through all organizations, religious and otherwise in that section.

It is the desire of the people that the governor shall pardon her upon condition that she is placed in a reformatory or in some good private family.

This is now being discussed by all insurance men in this city for and against the 26 per cent cut.

SORES That REFUSE TO HEAL

There is no surer evidence of a poisonous, polluted condition of the blood than that manifested by a sore that refuses to heal. Every symptom suggests pollution; the discharge, the red, angry flesh, the inflammation and discoloration of surrounding parts all show that the ulcer is kept open by a constant drainage through it, of impurities from the blood.

When the blood is pure and healthy any cut, bruise or wound will heal readily; when from any cause, however, the blood has become infected with germs or poisons the place becomes a sore or ulcer, sometimes scabbing over, but never fully healing, because it is kept irritated and inflamed by the impurities in this vital fluid. Often the rough handling of a wart, mole or pimple which has never shown any sign of trouble, a slight scratch or abrasion of the skin or insignificant hurt of any character will become a sore that refuses to heal, and remains for years, eating into the surrounding flesh, resisting treatment and sometimes terminating in Cancer.

I want to recommend your S. S. S. to any who are in need of a remedy for an old sore. In 1877 I had my leg badly cut by a barrel hoop and having on a blue woolen stocking my leg was badly poisoned from the dye. A great sore formed and for years no one knows what I suffered with the place. Nothing would heal the ulcer and I thought I would have to go through life with a discharging, angry sore on my leg. A short while ago I commenced to use S. S. S. and I soon saw that the place was improving. I continued the use of it until my leg was entirely healed and I am now a well man.

JNO. ELLIS.
250 Navy St., Brooklyn, N. Y.

The poison in the blood may be the remains of some constitutional disease, the effects of a long spell of sickness leaving disease germs in the system, or the absorption of refuse matters of the body which have not been properly expelled through the channels of bodily waste. But whatever the cause the vitality and purity of the blood is so weakened and polluted that it cannot properly nourish the system, and the sore or ulcer is kept up.

I had a large sore or ulcer on my face and nothing that I tried would benefit me. It began with shooting pains and soon the itching was terrible. At first it discharged a watery fluid which changed to a thicker composition and the pain was very severe. It was nearly as large as a dollar and terribly inflamed in all the surrounding parts. It had been there so long and growing worse all the time, I became very much discouraged and alarmed. At last I began the use of S. S. S. At first the ulcer seemed to get worse, but soon I noted an improvement and continued its use until it was entirely cured.

MRS. W. A. WRIGHT.
Gary, Fla.

Those most usually afflicted with chronic sores and ulcers are persons who have reached or passed middle life; the vitality of the blood and strength of the system have naturally begun to weaken and the poisons in the blood which perhaps have been inherited and lain dormant in the system for years cannot be as effectually held in check as in early life when the system was strong and vigorous. While the old or middle-aged are the usual sufferers, the young are not exempt if the blood becomes infected with the germs.

Salves, plasters, lotions, etc., cannot cure old sores and ulcers because they do not reach the seat of the trouble. Such treatment keeps the place clean, relieves pain and perhaps reduces the inflammation, and in this way is beneficial, but can never permanently heal them. The only treatment that can do any permanent good is a competent blood purifier, one that goes to the very root of the trouble and removes the cause, and for this purpose nothing has ever been found to equal S. S. S. It goes down to the very fountain-head of the disease, drives out all poison and morbid matter, builds up the weak, sluggish blood, gives energy and strength to the entire system, and allows the sore to heal naturally and permanently. S. S. S. is purely vegetable, being made of roots, herbs and barks possessing cleansing, healing properties, and is not only the King of blood purifiers, but the greatest of all tonics. If you have a sore that is slow in healing do not waste time with external treatment nor experiment with unknown medicines, but begin the use of S. S. S. and by removing every vestige of the cause, cure the trouble permanently. Special book on sores and ulcers and any medical advice desired furnished without charge to all who write.

CHAPPELL HEADS MAYORS.

Athens Is Selected as Next Meeting Place.

Augusta, Ga., June 16.—The closing sessions of the fifth convention of the League of Georgia Municipalities were held Thursday at the locks, about 8 miles from the city. A barbecue dinner was enjoyed greatly and splendid entertainment was provided for the visitors.

Several papers were read, including one by Recorder Broyles, of Atlanta, but the principal business was the selection of Athens as the next meeting place and the election of officers as follows:

President, L. H. Chappell, of Columbus; first vice president, Herman Myers, of Savannah; second vice president, E. M. Smith, of McDonough; third vice president, T. W. Cochran, of Barnesville; fourth vice president, J. A. Sams, of Richland; secretary and treasurer, Bridges Smith, of Macon; representative to national league, Bridges Smith.

Mayor Allen of Augusta, was nominated as national delegate, but declined the honor. A motion by Dr. J. B. Morgan to have the convention indorse the immigration movement was lost, the opposition being led by Health Officer Brunner, of Savannah, who said that what was wanted was a law to make the negroes work.

A Thousand Dollar's Worth of Good.

"I have been afflicted with kidney and bladder trouble for years, passing gravel or stones with excruciating pain," says A. H. Thurnes, a well known coal operator of Buffalo, O. "I got no relief from medicine until I began taking Foley's Kidney Cure; then the result was surprising. A few doses started the brick-dust-like substance and now I have no pain across my kidneys and I feel like a new man. It has done me $1,000 worth of good." Foley's Kidney Cure will cure every form of kidney or bladder disease. J. W. McCollum & Co.

Visit Stock Yards.

Chicago, June 16.—The Maharajah of Baido, India, his royal secretary, Prince Britt, and his corps of attendants, visited the stock yards Thursday on the invitation of the packers. The Maharajah, through his secretary as interpreter, said he was much impressed by the wonderful methods of killing and preparing meats in the big packing houses. The party left last night for Colorado Springs. From there they go to Yellowstone park. The Maharajah intends to send a number of Indian students to the American universities in the fall.

The Very Best Remedy for Bowel Trouble.

Mr. M. F. Borroughs, an old and well-known resident of Bluffton, Ind., says: "I regard Chamberlain's Colic, Cholera and Diarrhoea Remedy as the very best remedy for bowel trouble. I make this statement after having used the remedy in my family for several years. I am never without it. The remedy is almost sure to be needed before the summer is over. Why not buy it now and be prepared for such an emergency? For sale by all druggists.

Populists Call for Convention.

Atlanta, June 16.—Georgia's Populists will put out a full state ticket from governor through the list of state officers, at a convention to be held in Atlanta on July 4. This course was definitely decided on at the meeting of the state Populist executive committee held at the Kimball house Thursday, when resolutions were passed by a vote of 7 to 3, directing the chairman to call a state convention in the city on July 4, for the specific purpose of putting out a state ticket.

An Alarming Situation

To Bridge the Chattahoochee.

Washington, June 16.—A bill was passed Thursday by the senate authorizing the Georgia, Florida and Alabama railroad company to construct four bridges across the Chattahoochee river.

The Baby is Cutting Teeth
